Ateneas and Compressport Colombia present in the Aysen Invernal Challenge 2012

On August 18 and August 19, 2012, Claudia Botero and Yeimy Cadena, members of Atenea Colombia-Women Adventure Team and proud members of Compressport Team Colombia, achieved fourth place in the mixed category of the Aysen Invernal Challenge 2012.

The Aysen Invernal Challenge is one of the coldest and most demanding adventure races in the world involving extreme winter conditions, snow and low temperatures. The two stage competition included mountain biking, trekking and kayak, requiring orientation skills to route a course across 160 km of breathtaking Chilean Patagonia landscape.

Racing in teams of two, Claudia and Yeimy conquered fourth place in a racing format that was novel to them. It was the only team made up only of women.

Claudia Botero shared her experience with Compressport: "It was a demanding race. Extreme winter weather conditions were novel to us. We had never before biked on snow or walked for hours on snowshoes. It was bitter cold and extremely windy, but the chance to take in the amazing scenery of the Patagonia was worth the effort. We achieved our main goals: to finish the race and to show that women have many strengths. After finishing stage one, Compressport's compression technology products allowed us fast recovery to start the second stage in prime conditions".

Congratulations to Claudia and Yeimy!

JAUME LEIVA

becomes the king of Half Marathon

Jaume is huge, as an athlete and as a person. This year we have lived intensely with him, we have suffered, we laughed, we cried and we were witnessed of his tremendous effort. Yesterday he told me he was very happy and finally he said "Compressport is the best!" I simply answered him "You are the best. Athletes as YOU make sense to Compressport and our work." It is a luxury and an honor to have athletes on Compressport Team as Jaume Leiva. Jaume makes biggest the Sport, because beyond moments of glory, is its essence.

7th World title in only 9 years !!

Philippe Vincent is definitely one of the best Endurance Racer, he did prove it one more time this WE.

When the Suzuki Team came to the famous 24h of Le Mans, they had to finish only 4th to get the World Championship under the belt again

But surprising everyone, they did fight for the win till the last lap, finishing 2nd at only 30" of the winner, the Kawasaki Racing Team.

"This year was a little bit more difficult, but we proved that we are here event when the going get tough" said Philippe after the win.

Motocross

Grand Prix of Germany.

Arnaud Tonus raced the Grand Prix of Germany.

He went sixth and third in the two races to complete a double podium finish for the team and the rapid and agile YZ250F.

Arnaud Tonus : "It has been a really tough season for me and Ive had a lot of problems physically so to get on the podium at the last race is amazing. Especially after yesterday because I had a terrible quali race and had to work hard to come back through from a bad gate position. I really hope I can push for the championship next year after getting a solid winter of work behind me. Thats twice now Ive taken podium results in the last GPs of the year so the goal will be to reverse that for the start of 2013 !
