### **About Douglas E. Castle**

#### *Professional Resume*

Douglas Castle is a senior level expert in all matters of high-level corporate negotiations, deal structure and finance, strategic planning, international business and major project management. He speaks, consults and writes frequently about these subjects, as well as about key aspects of leadership, crisis management and the Human Condition. He authors a great many blogs on a number of subjects.

Mr. Castle has been, and continues to be a seasoned and acclaimed advisor, director and trustee to emerging enterprises and growing companies worldwide, across a broad variety of industries on matters of organizational development, strategic planning, financing (both institutional equity and debt), international incorporations and negotiating of co-ventures, mergers and acquisitions. Mr. Castle's current passions are centered upon leveraging his wealth of experience in high-stakes corporate negotiations, deal structure, organizational engineering, strategic planning and financing to foster innovation and entrepreneurial growth and success.

Mr. Castle's professional resume has encompassed: international banking, asset-based financing, merchant banking (equity), factoring, trade financing, credit enhancement and surety, transactional structuring (mergers, acquisitions, LBOs, [ESOPs](#), management buy-outs, transnational and domestic co-ventures) and the creation of investment instruments. He has written and presented operating plans for, and has chartered a number of international commercial and economic development banks and reinsurance companies in multiple offshore and international jurisdictions, with an aggregate capitalization of in excess of \$12.8 billion USD. During the past thirty years, he has also incorporated close to one hundred IBCs (international business companies) across all business sectors. He

has worked as a turnaround expert for troubled US and UK companies, and has renegotiated loan terms with banks, other creditors, bondholders and shareholders for these companies, both as pre-bankrupts, and as debtors-in-possession and trustees-in-possession.

Mr. Castle's current affiliations include: [Executive Director](#) of **Global Business Intel™**, an unincorporated Division of Global Edge Technologies Group, LLC; Director and Senior Consultant of **The Castle Consultancy**; [Managing Director](#) and Member of **Global Edge Technologies Group LLC**, and others.
