My hero / A person that I am proud of

Today, my father is an important doctor. My father's life used to be difficult. He studied to be a doctor at Cairo University and used to work as a doctor, too, sometimes at night, to learn all he could. He then got a job at a big hospital in Cairo. He continued to work hard but he didn't stop his studies and soon he became one of the most important doctors in Cairo. Now, he works in a big hospital in New Cairo. In 2020, many people became ill and he worked every day for many weeks to help them.

A job you like

I want to be a doctor, but I need a lot of skills to do that. Tomorrow, I'm going to visit my uncle. He's a doctor, so he can give me some advice. Next summer, I'm going to study English in England. You need to speak good English to be a doctor. Before I leave school, I'm going to do voluntary work at a children's hospital. In a few years' time, I want to go to a good university. Then, in about ten years' time, I think I'll be a doctor in a good hospital.

A historic place

Jerash is a Roman city in Jordan. It is more than 2,000 years old. When you go there, the first thing you see is the entrance to the city. The arch is very tall. You must buy a ticket before you go in. The Romans enjoyed watching sport. There is a stadium for Roman horse races. You can watch races there today. Jerash has three Roman theatres. The biggest theatre is the South Theatre. Five thousand people can sit there. There is a temple on a hill. There is an amazing view of the city from there.

Random Acts of Kindness

Our class decided to try to do one act of kindness for three days. This is what I did. First, on Monday, I bought my uncle some of his favourite books at the bookshop on the way home from school. He was surprised, but very happy! The next day, I let some younger students go into the canteen in front of me. Finally, on Wednesday, I took a sandwich and a cold drink to the old man who often sits on our street corner. He gave me a big smile. In my opinion, doing random kindness is fantastic. I don't want to stop.

Life in Ancient Egypt

The Ancient Egyptians were very simple people. So, life in Ancient Egypt was different to today's. Poor children didn't use to go to school, but children from rich families used to start school when they were about seven. When they were at home, children used to enjoy playing games. When older parents died, they used to leave their houses to the sons. However, they used to leave things inside the house such as jewellery and furniture, to the daughters. The Ancient Egyptians were really great.

My home city

My home city is Minya. It is located near the Nile. Lots of food is grown in the local area, like potatoes, wheat and sugar. The city is known for its delicious 'black honey'. The honey is made from sugar. Many ancient monuments and buildings are found in the city. We have a lot of trees and flowers in our city. There are also many parks and restaurants where people can enjoy and eat. There are good places for children to play and spend their time. My city is very beautiful and interesting!

A visit to a place

Last Tuesday, I went to the Museum of Islamic Art with my family. While we were waiting to go into the museum, I saw my friend Amir with his mum and dad! While my parents were buying the tickets, Amir and I decided what we wanted to see first. Amir and I found some tall doors with amazing designs on them. They were very interesting. We took a lot of photos. We stayed in the museum for two hours before we went home. We decided to visit the museum again

What makes a hero

A hero is someone who is very brave. A hero is able to help the others in many different ways. You can become a hero when you save someone who is in danger. A hero can be someone who gives up their life so that others could live. A hero does not always have to show courage, he can be afraid, but still be a hero through his other actions. A teacher can be a hero when he teaches students to read or write and that will change their life.

A famous Egyptian; Magdy Yacoub

We should all be proud of Magdy Yacoub. He was born in 1935 in Bilbeis. His family used to travel to many places because his father was an important doctor. Magdy also became a doctor. He used to work in a special hospital in London. At this hospital, Magdy used to help to give people new hearts for the first time. Before the 1980s, people with heart problems often used to die. In 2009, Magdy Yacoub started a charity for ill children in Aswan. I love Dr Yacoub very much.

It is the most discussed topic at the moment all over the world. There are many causes for climate change. Firstly, global warming is the main reason for it. Secondly, environment pollution is the main reason for climate change. Thirdly, cutting down trees is another cause of the problem. Climate change causes rise in temperature, floods, drought and ice melting which will seriously affect farming and all living things. We should reduce the bad results of climate change. I like watching English films on TV I also borrow books in English from the library. That helps me improve my language. I hope one day to travel to England and live with those English people. My favourite story: The Old Man and the Sea

Santiago was an old fisherman. He felt worried because the last time he caught a fish was 84 days ago. On the 85 day, he caught a very big fish. Then the sharks came. When Santiago returned to his home on the beach, he had no fish, only a skeleton. He felt weak and slept for a long time. But the other fishermen saw how big the fish was and knew that he was brave to catch it. Santiago lost the fish, but the other fishermen now respected him more than ever.

What your city or village used to be like in the past and how it looks like now

Everyone likes his city. I like my city as I was born and grew in it. In the past my city was very small. There used to be one hospital and one school. The people were very kind and friendly. There weren't lots of cars. Also, the buildings weren't tall. Now, my city is very big. There are five schools and three hospitals. The people now are not very friendly like the past. Many of them care about themselves only. There are lots of cars and the buildings are very high.
