Dear Mona,

How are things? I hope you are well. Forgive me for the delay of my reply to you. I had a problem with my internet connection, so I just got your message with the picture of you riding your bike. From the smile on your face, I can tell how much fun you are having. I still remember when you could hardly ride a tricycle. You have come a long way!

Now, here is some advice. I'm sure you are a good rider. But, you will fall off that bike now and then. So, please get yourself a helmet. Wear it every time you ride. A helmet will help protect you from a head injury. . Wearing a helmet when you ride a bike is as important as wearing your seat belt when you drive a car. When you come to visit me this summer, bring your bike and your helmet. We will take some great rides together! That's all for now.

Waiting for your reply.

yours

Saher

Cats are popular pets around the world. Cats are related to lions and tigers. They are known for soft fur. Cats have been kept as pets for thousands of years and have become an important part of many households.

Cats come in many different sizes and colors. They are able to jump to six times their body length. They are also known for hunting abilities as they can catch mice, birds and other animals with ease.

One of the benefits of owning a cat is that it doesn't require regular walks like dogs which need special care and sometimes "they" are dangerous, unlike cats can care themselves by keeping clean. However, cats don't need to be fed, given fresh water, and provided with a clean little box. They weigh from 5 to 20 kilos and live for 12 to 16 years.

#### 3] Read the following, then answer the questions: [6 Marks]

Should we work all the time without having rest or entertainment? The answer is that we cannot go on working without stopping from time to time to have some rest. If we did not that, we could make mistakes and the quality of our work might get worse. An overworked person may end up by losing the ability to think clearly and having no energy to go on working.

Sleeping is one of the ways that renews everyone's energy . Sports and games are also important for brain workers who stay in closed offices and do not have a good chance to do exercises. They can make full use of weekends doing activities like swimming and walking in the open air.

We should try to forget about the worries of work and life for some time. Then, we can enjoy ourselves and return the next day to work with our energy fully renewed . Such change has a great effect on our health and performance.

We don't live without Protein. Protein is important for everyone, not just athletes and body builders. Protein is essential to build bones, and body tissues, such as muscles, but protein does much more than that. Protein participates in every process of a cell.

Protein is found in both meat and beans, each offering benefits to our health. Meat, such as beef, chicken, and fish, is a rich source of complete proteins. Meat provides us with iron, zinc and vitamins B12, which are important for energy and our health, too. On the other hand, beans, including black beans, lentils and peas, are valuable plant-based sources of protein. Beans are also high in fiber and supporting heart health.

Both meat and beans are important sources of protein in a balanced diet. The choice between them depends on individual preferences , needs and health goals. Having a variety of protein sources, including both meat and beans, supports our health.

He preferred to walk through the forest because there were few places to explore. He was fascinated by everything until he heard a strange noise followed by a cry. He inquired, "What is this?" He noticed a cat in a hole. The cat tried but failed to make its way out of the hole. "Here, let me assist you," he said as he was trying to pull the cat out of the hole. While the man was trying to save the cat, it scratched his arm. The old man got hurt, but kept trying until it got out of the hole." We should not treat people as we please," he explained. It is in the cat's nature to scratch anything that appears to be dangerous. "I am not angry with the cat. Simply, it was defending itself because it was unknown to me and was afraid," The old man said.

## 3 Read the following, then answer the questions:

( 6 m / 1 m each )

There are lots of ways we can protect our environment and build a greener world. We need to use cleaner, greener energy.

If factories had solar panels on their buildings, they would save money and energy. We need more people to work together to get renewable energy for their communities. If more communities had wind turbines, they would have cheaper, cleaner energy. We can also help the environment by planting more trees.

What about plastic? Millions of plastic bottles are used every day. When these bottles are recycled, the plastic is used to make clothes, toys, carpets and furniture. Glass and metal can be recycled, too. We don't recycle enough and that's why there's still so much rubbish in landfill sites.

## A. Choose the correct answer from a, b, c or d:
