PART TIME INCOME SERIES

BOOK 2- THE PILLARS FOR YOUR ONLINE INCOME OPPORTUNITIES

Once you have laid the foundation for the online income, you should have certain tools and resources for effective utilization of these opportunities.

Following is the analysis of the income opportunities presented in the series:

The concept:

You shall come into contact with no. of companies which are looking for individuals who can help these companies in the completion of their goals.

Certain companies are building up Internet Real Estate with state of Art Information Technology. They invite you to participate by sharing information known to you about your area, your field of expertise, or simply your hobbies. They can offer a full time job depending upon your interest and dedication to their organization if your interests lie in the same direction.

Certain companies are reputed survey companies serving Multinationals. To cater to the needs of their customer's marketing research they have to test a wide range of population to determine the success of a newly launched product or to enquire about the ways to improve the manufacturers performance. You shall be paid to be their survey team participation.

Again there are certain companies who look for outsourcing some of their day to day activities which, if you have the skills required, shall be your source of income.

These are a few descriptions of many Income sources which shall be supplied to you FREE of cost over a period of two to three months.

If you follow the steps as they have been described, you can easily attain certain income opportunity from the internet.

Please move on.

So let us start the journey of online income:

THE VIRTUAL ASSISTANT:

1. As has been explained earlier, if you have to effectively utilize the online Income opportunity, you should have a virtual assistant who can reduce the burden of repeating the same tasks again and again and do it for yourself.
2. If it also handles your safe protection of passwords for you Income streams, it is added bonus. Is n't it?

We have experienced our speed of Internet surfing increase by at least 50%, because:

Before down loading this software:

We used to spend minimum 20 minutes to fill one web form.

Then only we have to proceed to Next online form.

After downloading this software:

- The forms are filled with just one point and click of the mouse button.
(How much time it takes? 1,2,3..,What are you waiting for? Go to the next form..
Yes! It is less than 3 seconds to fill an online form which consists of Your name, Address, User name, Password, Address, and many more fields.)
 - The passwords are generated for each website automatically.
 - We only have to remember the master password, All the other passwords are taken care by this software.
3. So to have such a Great Virtual Assistant to be installed for you on your computer, please follow the link : www.roboform.com/php/land.php?affid=spyl4&frm=frame28

What you shall get is a software Trusted by millions of Worldwide Internet users for

- safe keeping their password to different websites and
- which acts as a virtual assistant to fill out many online forms for you there by reducing the repetition tasks to minimum.

Some secured sites may require one or two fields to be filled by manual typing. But that is very less. Rest of the filling is taken care by your Roboform.

P.S: Please note that if you are downloading onto a PC located in a public place like library/Internet café' etc, you need to get permission from the In-charge/authority of that place.

Also the software is registered for you on that particular PC only, hence You have to sit on the same PC for the next sessions also to utilize the benefit of this Virtual Assistant.

Alternately, you can purchase your USB version which you can use on any PC, Laptop etc. To do that Just click on the above link and then click on the Home button above the download button. From there you can buy the software.

Once you have downloaded the Roboform software, You can store different combinations of your contact details with different file names. Roboform calls these files as profiles.

For eg: You can save your name, address, E-mail id as profile 1 and Your name address, Phone no. as profile2, Name address, cell no.s as profile 3 and so on.

Then when you are on a webform requiring your details you can decide which details need to be filled up automatically. For eg. For some sites you do not want to give your phone no. then select profile 1 (Remember you have not stored your phone no. in this profile 1, Right!!)

If you want to give Cell no. select the profile 3, phone no. select profile 2, Now you got the idea, isn't it?

This feature is also useful in webforms where certain information is compulsory and certain information is optional to submit.

P.S IF YOU HAVE NOT CREATED YOUR E-MAIL ID AS PER THE PLAN, PLEASE DO SO NOW. YOU HAVE TO GO TO BOOK1 OF INTERNET INCOME SERIES BY THIS LINK.

COMPLETE THE STEPS LISTED IN THAT BOOK AND COME BACK HERE FOR EASY RESULTS.

For eg. One website requires your name, address & E-mail id compulsorily, but Phone no. as optional. You may fill the phone no. or you do not, it is your choice. There you can select the profile without phone no.

In this way, roboform helps you in filling up only those details which are compulsorily needed, not all your personal details.

Roboform gives you options "Fill" and also "Fill&submit" once you select the profile.

Fill & submit will automatically fills the information and the webpage submission process start immediately without your intervention. This can be and should be done with websites which are absolutely confident.

Normally We strongly advise to select the option " Fill" only, because then You can cross check the information filled automatically by roboform. If you want to change it, you can do the same. If you are satisfied, then you can submit.

We prefer this way and advise you to do the same.

Now we move on to the next pillar of your Internet Income.

OK:

Once you have got your virtual assistant to reduce your repetition task burden by at least 60%, you are now ready to move further.

Here You have to get answer for one more question.

THE QUESTION???

Suppose you have completed all the formalities and EARNED an INCOME from the internet.

You are sitting in the comfort of your home and dealing with International companies which are located world wide.

You have already earned Certain Income by completing the requirements of the above companies.

They want to SEND YOU the MONEY.

HOW IT CAN BE DONE??

By Money order – Some person from the company has to prepare the money order from one country to another country. The Postal systems shall deduct certain commission from the amount. By the way, We are not sure whether there are International Money orders are there or not? Even if there are such systems, the time for your MONEY to reach YOU shall be a month or two.

WE DO NOT KNOW ABOUT THESE SYSTEMS AND IF YOU KNOW ABOUT ANY SUCH SYSTEMS WHICH CAN DELIVER THE MONEY SAFE AND QUICKER, YOU CAN CHOOSE THE SAME.

By Demand Draft – Once again, the same as above.

OK, OK !

What we found through our years of research on internet payment processors, we do have one trust organization which can allow the global companies to put YOUR money in your account and then can transfer the same into your local bank account ONLINE. That means no waiting period once you have completed the formalities to be paid by the company.

Please note that the local bank transfer is possible if the Bank has already has agreement with this Payment Processor Agency. If your bank does not have the agreement, DON'T WORRY.

You can find out from this agency about which of your local banks have entered into the agreement with them and simply open an account with that local bank. Simple!! Isn't it?

Now to the name of Payment processor, It 's name is

PAYPAL

It is very easy to open a Paypal account and it is FREE.

All you have to do to open a paypal account is:

- *Copy and paste this link on your internet browser (That is the white space at the TOP of the Internet Explorer window where you type website addresses : <https://www.paypal.com/in/mrb/pal=4FLN92LV78GGW>*
- *Then click on the Personal button just below the paypal logo.*
- *Then click on the sign up button.*
- *You shall be in a webform which requires Your details.*
- *(Hey! Your Virtual assistant roboform is there waiting on your tool bar for your permission to fill up. Just click on it.)*
- *Your roboform will ask you what profile to be filled up. Select the profile which is fulfils all requirements of paypal form.*
- *Click on the "Fill" button in roboform tool bar.*
- *Check all the details Once more, and if you are satisfied Click on submit.*
- *Paypal will send you an e-mail to your E-mail id to confirm your intention to open an account with Paypal.*
- *You have to open your E-mail and click on the confirmation link in the mail from Paypal.*
- *Your account is created with paypal.*

P.S IF YOU HAVE NOT CREATED YOUR E-MAIL ID AS PER THE PLAN, PLEASE DO SO NOW. YOU HAVE TO GO TO BOOK1 OF INTERNET INCOME SERIES BY THIS LINK.

COMPLETE THE STEPS LISTED IN THAT BOOK AND COME BACK HERE FOR EASY RESULTS.

NEXT WHAT?

Before moving on to the Third Pillar of YOUR Parttime Income, You have to create a profile with Preferred choice of payment as Paypal and name of your paypal id in Roboform.

Then, whenever you have to fill a webform with payment choices, select this profile, click on Fill, cross check the information filled in the webform, then Submit.

*Once you have completed these steps, you can proceed to Book 3 of Parttime Income series which arrives shortly in your mail box. In BOOK 3 of Parttime Income Series, you shall find **The First list of the GREAT and FREE INCOME Resources on line.***
